

Molokai Notes

The three days' Kona storm with abundant rain all over Molokai washed out roads between Pukoo, Kaunakakai, Kaunapuu and Kalae, but work has begun at once and communication between these points was re-established. Despite damages the rain was very welcome to all residents of the island, especially at the west end. Cases of mild influenza, the tail end of last year's epidemic, are prevalent. Miss Buddie Goodhue, daughter of Doctor Goodhue, of Kalaupapa, returned to school last week.

Mrs. U. Storm, Henry Duvauchelle, Miss Kelli Duvauchelle, Mrs. E. S. Goodhue and daughter Dorothy, have returned to Honolulu. Mr. and Mrs. Jacob Brown have returned to Molokai, reaching their home at Puuhoku from Kaunakakai with some difficulty owing to washouts. The Maunakulawai hotel at Pukoo is installing an electric plant furnishing some 30 lights for the building. A large concrete cistern has also been built on a hill nearby supply water at considerable pressure.

The Mapulehu ice plant and cold storage building is nearing completion at the government road near the dairy buildings.

Gene Duvauchelle who has started a poultry farm at Pukoo is planting a large field of sweet potatoes. Strawberries are coming on and promise a full yield. The Kaunapuu gardens under Mr. Munro's care have been furnishing strawberries, cucumbers, string and lima beans, wombok, lettuce, beets, carrots, tomatoes, for a long time. Takanashi at Pukoo will have a large watermelon area this year, as well as common truck.

One Third of Bond Money is for Maui

Three Important Projects Cared for When Securities Are Taken at Home; Island Fares the Best.

Territorial bonds to the amount of \$2,500,000 were disposed of in Hawaii last year and of these more than a third were taken by Maui interests for Maui projects. Approximately a million dollars of territorial securities were left undisposed of and no securities were sold to outside financial institutions owing to the failure of a market for securities of the type offered.

Of the important projects which were not allowed to fail the largest, financially, is for Maui, the Kahului Wharf project for which bonds in the sum of \$600,000 were subscribed. Fourth in amount was the Mala Wharf project for which the subscription in bonds was \$220,000. The third Maui project to be assured was Iao Valley road, \$20,000, in all \$820,000 for Maui.

Of the projects that failed because of inability to dispose of bonds, Maui is directly interested in three Wailuku waterworks, \$25,000; Lahaina court house, \$25,000 and Kulaha to Kapihi Gulch road, \$25,000.

Projects Put Through
The bonds sold were \$2,200,000 for improvement purposes and \$300,000 for refunding. The improvements to be carried out as a result of the taking up the bonds at home are:

University of Hawaii, \$142,000 for construction of a new laboratory; sufficient bonds sold to realize this amount.
Mala wharf, Maui, \$220,000; sufficient bonds sold to realize this amount.
Iao Valley road, Maui, \$20,000; sufficient bonds sold to realize this amount.

New pier, Kahalo bay, \$500,000; sufficient bonds sold, with the exception of \$25,000, to realize this amount; the additional \$25,000 has been guaranteed.
Nawiliwili breakwater, \$200,000; bonds sufficient to realize this amount purchased by George N. Wilcox of Kauai.

Kahului wharf, \$600,000; bonds sufficient to realize this amount purchased by Alexander & Baldwin.

Waimanalo road, Oahu, \$250,000.
Volcano road, Hawaii \$215,000; sufficient bonds sold to realize the amount.

Oahu belt road, second unit, \$500,000; actual purchases of bonds for the project total \$35,000; it is understood that an undesignated subscription of \$25,000 will be allotted to project.
Kona-Kau belt road Hawaii, \$100,000; bonds for this project totaling \$10,000 purchased to date.

Funds Not Forth Coming
Projects to fail completely were:
Napooopo wharf, \$2500; Kapaa wharf, \$182,000; Kapiolani home pavilion, \$1000; hospital for the insane, \$150,000; Hilo tax office, \$150,000; Waohinu waterworks, \$1500; Naalehu waterworks, \$150; Honoapua waterworks, \$1500; Hilo reservoirs, \$175,000; Hilo sewers, \$75,000; belt road, Kapiolani, \$20,000; Pauoa park, \$12,000; Atkinson park, \$34,320; Wailuku waterworks, \$25,000; Lahaina court house, \$25,000; belt road from Kulaha to Kapihi gulch, \$75,000.

Those Who Travel

Passengers departed, January 5—

Mrs. J. S. Walker and two children, Mrs. Sam Lytle, Mr. and Mrs. Gibson, Mrs. H. Gibson, Ten Fook Ho, Ah Kau Lai, J. Golstein, Mrs. Walker, Miss Clayton, Miss E. Gibb, Master J. Gibb, Jno. STRAIGHT TALK

AMERICAN INGOT IRON is the purest iron ever produced commercially and may well be taken as a standard of purity. It is guaranteed to test, by chemical analysis, 99.84 per cent pure iron, and the manufacturers are prepared, upon the application of any purchaser, to furnish him a satisfactory Surety Bond to secure their guarantee.

This iron is distinguished by the familiar triangle ARMCO mark, and is guaranteed to resist rust longer than any steel or other iron made.

That is why you see the mark on most of the iron used in this Territory, and on iron used everywhere by the U. S. Government.

The use of Armco is profitable.
